## INSTRUCTIONS:

Buying a ring can be a difficult process if you do not know your ring size, or you are buying the ring as a special gift. However, you can do the following to help you get the right size:

- Use an already existing ring that you currently wear, or she currently wears, and place it on the circles. The correct circle size should fit against the **INSIDE** edge of the existing ring.
- Measure your finger by wrapping a piece of cotton or string around it. Find the length of the cotton or string that makes one loop around and use the chart below
- Alternatively, go to any jeweller as they will be able to measure your finger or favourite ring for the correct size
